WildeAlm

A decorative graphic in the top right corner consisting of several overlapping hexagons in various shades of blue, arranged in a cluster that tapers towards the right edge.

one
step
ahead.

As a reliable partner and enthusiastic friends and manufacturers of fun rides, we not only support you with the planning but also help with the on-site construction of your ride. We have been offering our products, such as the SkyGlider

and the SkySwing, for more than 25 years and are constantly expanding our range. Our customers in many countries, including Saudi Arabia, Switzerland, Italy, South Korea, and of course Austria, delight in the enthusiasm of their guests. A lot of

hard work, sweat, and heart and soul go into each of our fun rides to create a breathtaking experience for the whole family. Our vision is very clear: joy and adventure for everyone.

electric engine

automatic
Content Creator

Operational day,
night, summer,
winter - **15°C**

Air conditioning

Adjustable intensity
+ ride memory

Total weight **3,5t**

EXTERIOR

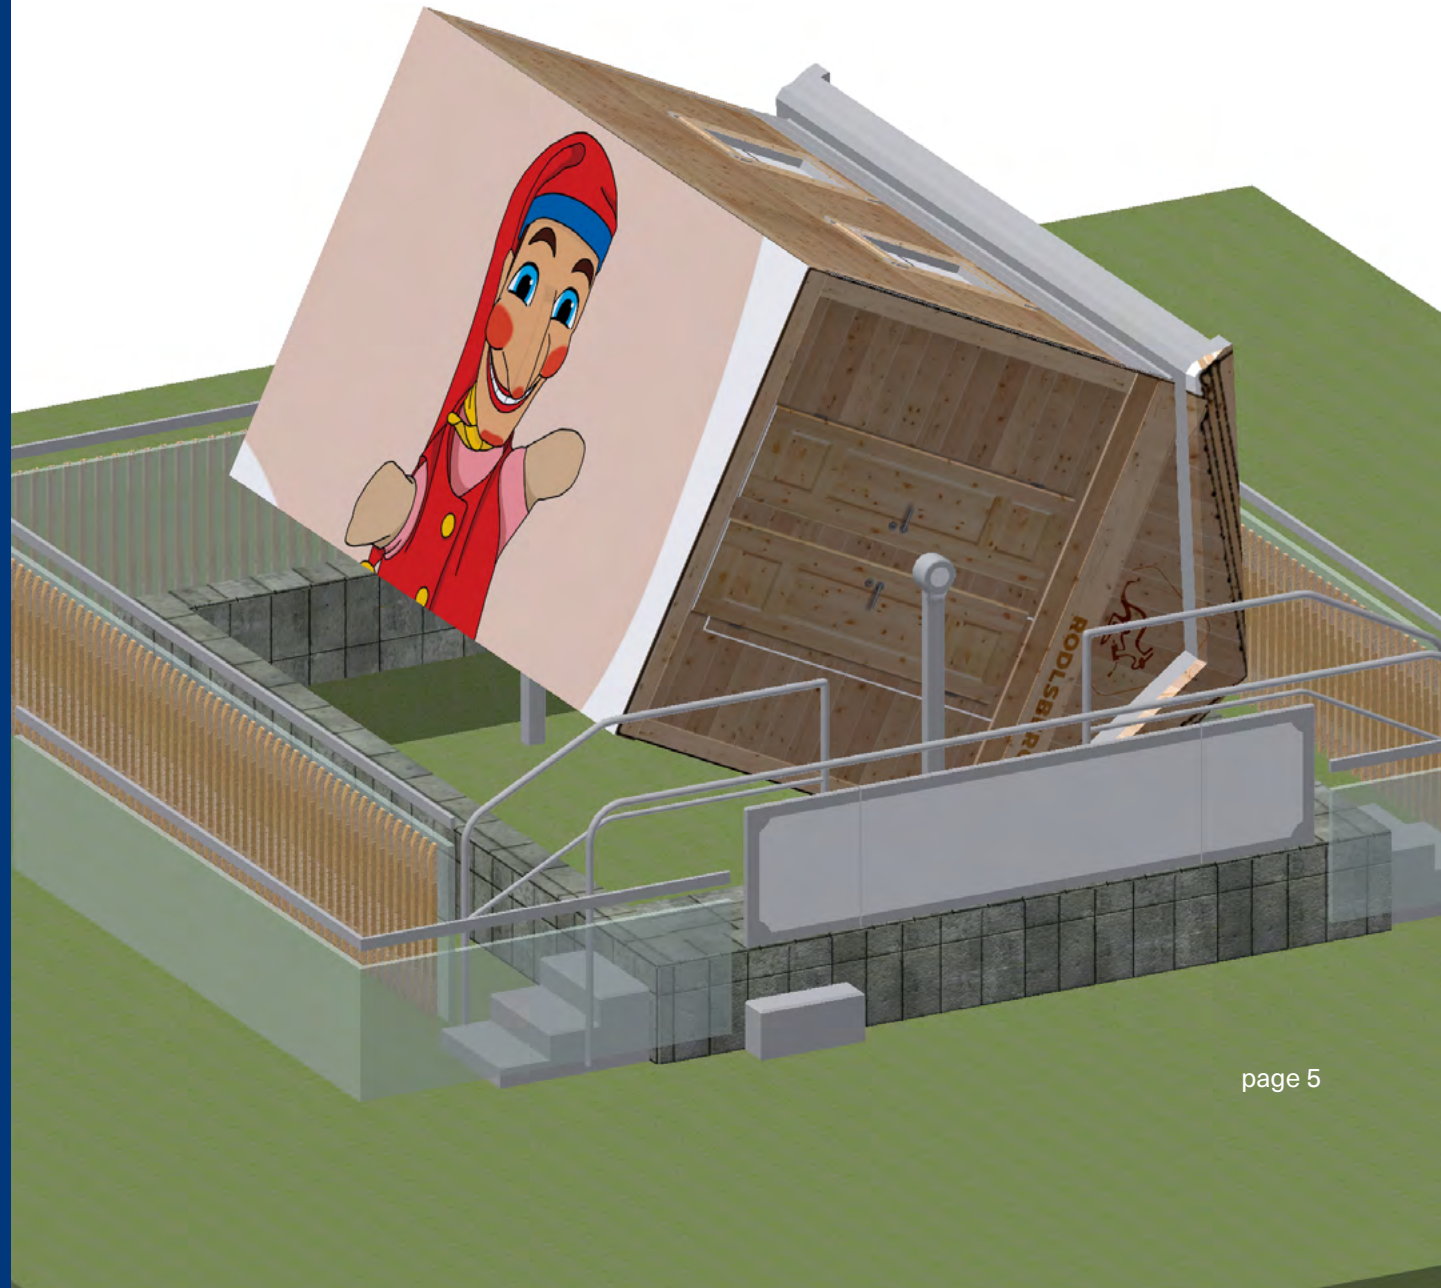

Use the WildeAlm as your advertising drum or PR tool. Present your company with a special exterior design.

You decide whether in a big city, at a trade fair, or on a mountain.

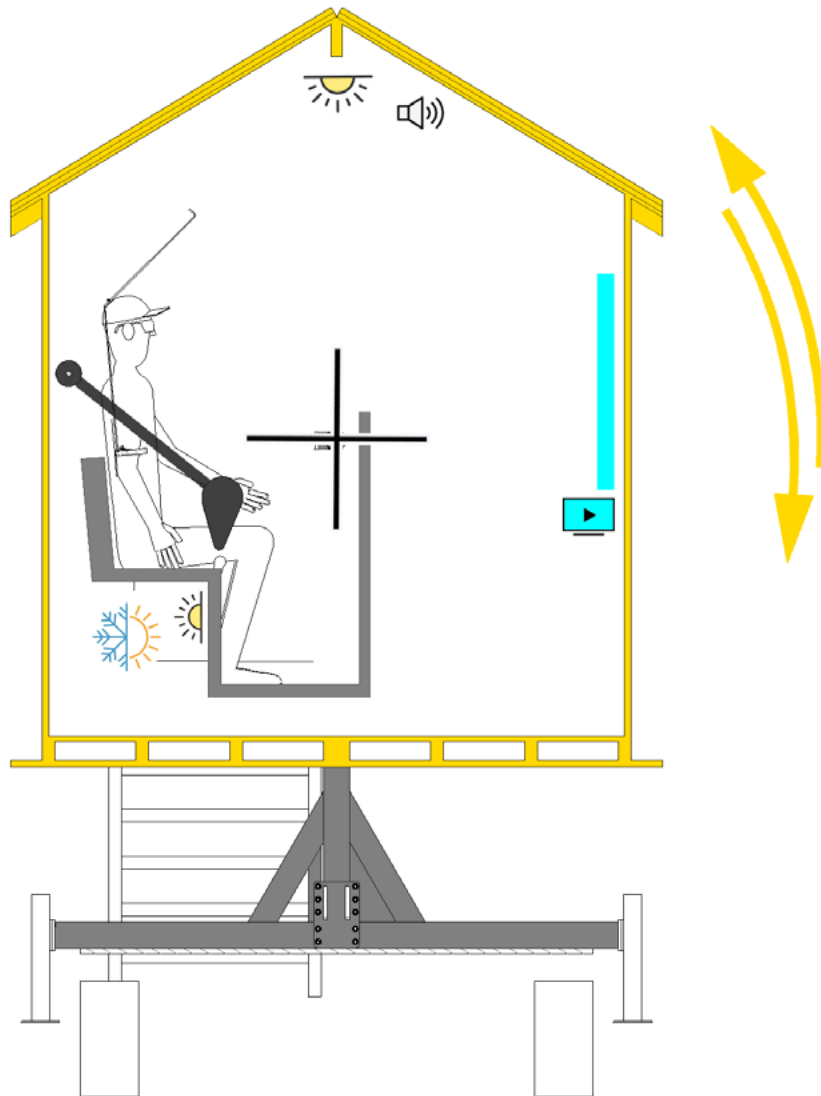

Design options:

- Expansion of your theme park
e.g., WildeAlm with fairy tales or legends
- Saloon (journey to another century)
- Clock tower, Big Ben (Who turned that house?)

We can play almost any piece upon request!

INTERIOR

Lighting and sound
systems enhance
the effect

**Automatic Content
Creator**

Create a photo point inside
and add a photo of your choice as
the background!
Your guests can download the
images directly to their smart-
phones using a QR code.

Video surveillance
throughout the interior for
passenger safety

Air-conditioned
interior
